*Kindergarten Stepping Stones: A Journey to Excellence through Discovery* is an integrated kindergarten curriculum utilizing literature-based themes. As children explore the themes and interact with their teachers and peers, it is the primary purpose of this curriculum to help make the invisible God visible to each child, guiding them into a loving relationship with Jesus so that through service they may each uniquely reflect His love to others.

*Kindergarten Stepping Stones* is a complete curriculum for kindergarten that covers all subject areas. The following materials are included:
